THE PRINCIPAL'S MESSAGE

This year will be recorded in infamy. Much like the assassination of John F. Kennedy is etched indelibly in my memory, the September 11, 2001 attack on the world trade centre and pentagon will remain forever in your mind and thoughts.

The attack in and of itself is historic, but I suspect that the people who chronicle this age will see a dramatic shift in public consciousness.

It is your generation that will determine how that shift is manifested. Either our world becomes more insular and selfish, or we will embrace a concern and compassion for each other that will empower our culture and values.

Adversity can magnify weakness or generate strength. The choice to a large extent is yours to make.

Mr. B. Bronson
Principal

THE VICE - PRINCIPAL'S MESSAGE

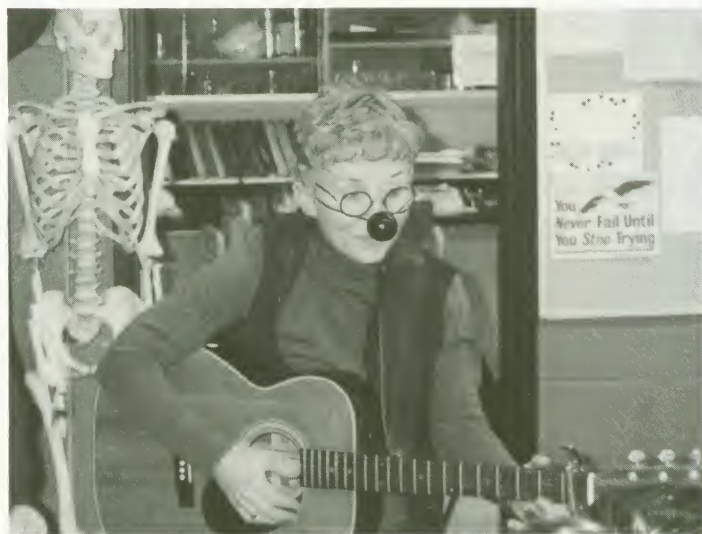

KLCVI is humming once again:

Players are playing; runners are running;
Actors are acting; musicians, performing;
Teams are traveling; teachers are coaching,
supervising, engaging;
Academics are reaching for the top!

Techies are teching, artists are creating;
Writers are reporting and editing;
Photographers are photographing; dancers dancing....
All this and more chronicled for posterity by our most
energetic, enthusiastic,
Excellent yearbook staff.

Welcome back;
Congratulations everyone!
Working together, we are strong;
We are invincible;
We are KLCVI and we can make our world
a better place!

Ms. L. Henry
Vice-Principal

MESSAGE FROM THE EDITORS

Here it is! Your very own 2001-2001 K.L.C.V.I. Yearbook. The yearbook committee started out on an excellent note this year and kept its momentum till the very end. Don't get us wrong..... there were, of course, many bumps and bruises along the way, but as a team we toughed it, keeping a smile on our faces. ☺ As a result, you have in your hands a book filled with pages of laughter and fond memories.

It takes a numerous amount of dedicated and reliable individuals to complete a compilation of such a lively and eventful school year. Having said that, we would like to thank our yearbook advisors, Mrs. Moggy and Ms. Charland. We appreciate and thank you for all of your support, creative ideas, and personal time that you both have generously contributed over the year. We would also like to thank the entire yearbook committee and anyone who had helped us along the way. Each and everyone of you have brought something special to this years book and should be proud of what was accomplished. Last, but not least, a big thank you to all of the teachers and students of K.L.C.V.I. for making this year such an exciting one to capture.

May this yearbook (and future yearbooks) help you treasure and reflect fondly of your years here as a "Red Devil", as these will be the most influential years of your lives.....so live it to the fullest! And always believe in yourself, even at times when it seems impossible to get through; if you want it bad enough and your heart is into it, you can and will achieve it.

Thank You, Good Luck, and Enjoy!

Monica Chan and Sabrina Snowden
Co-editors - K.L.C.V.I. Yearbook Committee

MESSAGE FROM THR PRESIDENT

"Seize the day!" Enjoy today and make the most of the present. Everyday is a step in the journey of life. It is important to look back and learn from your faults and perfections. Keep your virtues and goals in mind and always remember that a seemingly bad day today could give you the strength to build a better day for tomorrow. Take your experiences, good or bad, and rather than regret the times you're not proud of or the circumstances that did not go your way, take advantage of what you can learn from those situations. Take what you have learned and apply it to your journey of life. Keep in mind that with passion and a goal, you can accomplish anything you dream of. Highschool is only the beginning. Learn now, live today and, "seize the day!"

I found my locker and I found my classes

Lost my lunch and I broke my glasses

That guy is huge! That girl is wailin'!

First day of school and I'm already failing

This is me in grade nine, baby, this is me in grade
nine This is me in grade nine, baby, this is me in grade nine

I've got a blue-and-red Adidas bag and a humongous binder

I'm trying my best not to look like a minor niner

I went out for the football team to prove that I'm a man

I guess I shouldn't tell them that I like Duran Duran

This is me in grade nine, baby, this is me in grade nine

This is me in grade nine, baby,
this is me in grade nine

Well half my friends are crazy and the others are depressed

And none of them can help me study for my math test

Got into the classroom and my knowledge was

Guess I should've studied instead of watching Wrath of Khan

This is me in grade nine, baby, this is me in grade nine

This is me in grade nine, baby, this is me in grade nine

(Jim) They called me chicken legs

(Andy) They called me four-eyes

(Steve) They called me fats

(Tyler) They called me buck teeth

(Ed) They called me Eddie

This is me in grade nine, baby, this is me in grade nine

This is me in grade nine, baby, this is me in grade nine

I've got a red leather tie and a pair of rubber pants

I put them on and I went to the high school dance

Dad said I have to be home by eleven

Aw man I'm gonna miss Stairway to Heaven

This is me in grade nine, baby, this is me in grade nine
This is me in grade nine, baby, this is me in grade nine

It's far beyond your reach, it holds a place in time,
Somewhere ahead is the back of the line.
I can't relate to your mistakes, awkwardly speaking with nothing to say.

Caught up in your life, excuses are so lame,
You may be different but I'm **still the same.**
The reasons that you thought, the intention that you caught,
You say things are simple we both know they're not.
You can't let it go,

Whoa.

You can't but I know.

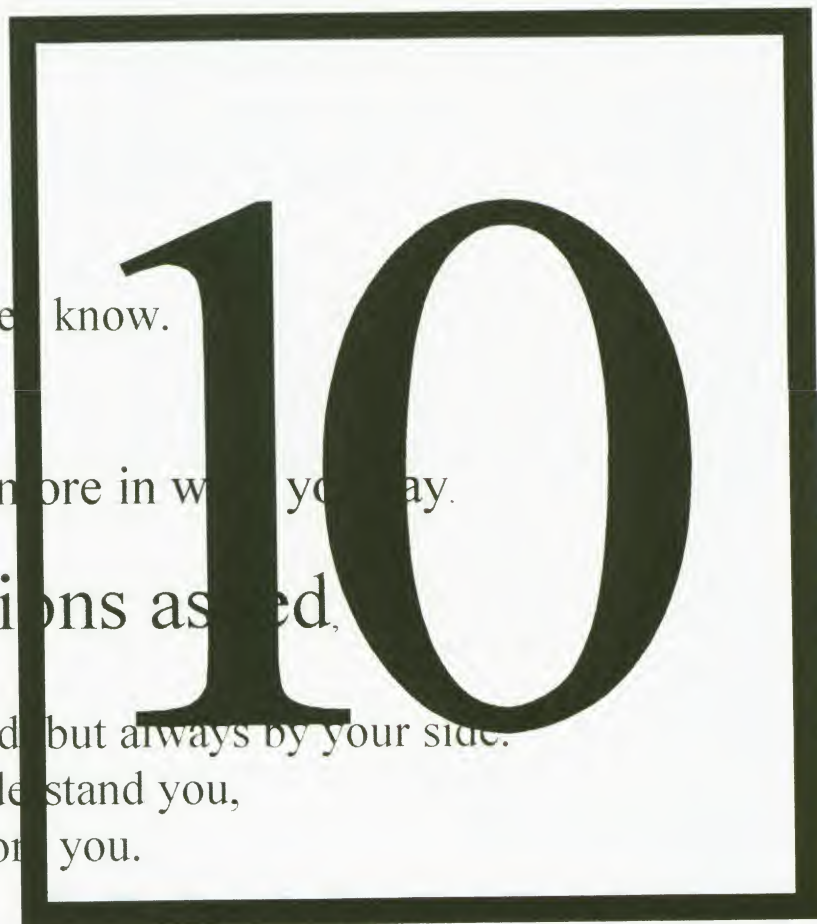

Whoa, Whoa you don't even know.

[Chorus]

It's not in what you do, more in what you say.

A million questions asked,
the remnants of the past.
You've always been denied but always by your side.
I've always tried to, to understand you,
the world's not learning from you.

Whoa. Whoa.

Don't stop, never give up

Hold your head high and reach the top

Let the world see what you have got

Bring it all back to you

Hold on to what you try to be: Your individuality

When the world is on your shoulders Just smile and let it go

If people try to put you down

Just walk on by don't turn around

You only have to answer to yourself

Don't you know it's true what they say

That life, it ain't easy

But **your time's coming around**

So don't you stop tryin'

Don't stop, never give up

Hold your head high and reach the top

Let the world see what you have got

Bring it all back to you

Dream of falling in love

Anything you've been thinking of

When the world seems to get too tough

Bring it all back to you

Try not to worry 'bout a thing

Enjoy the **good times** life can bring

Gotta let the feeling show

Imagination is the key

'Cause you are your own destiny

I keep thinking times will never change
Keep on thinking things will always be the same

But when we leave this year we won't be coming back

No more hanging out cause we're on a different track
And if you got something that you need to say
You better say it right now cause you don't have another day
Cause we're moving on and we can't slow down
These memories are playing like a film without sound

As we go on

We remember all the times
we had together

And as our lives change, come whatever
We will still be friends Forever

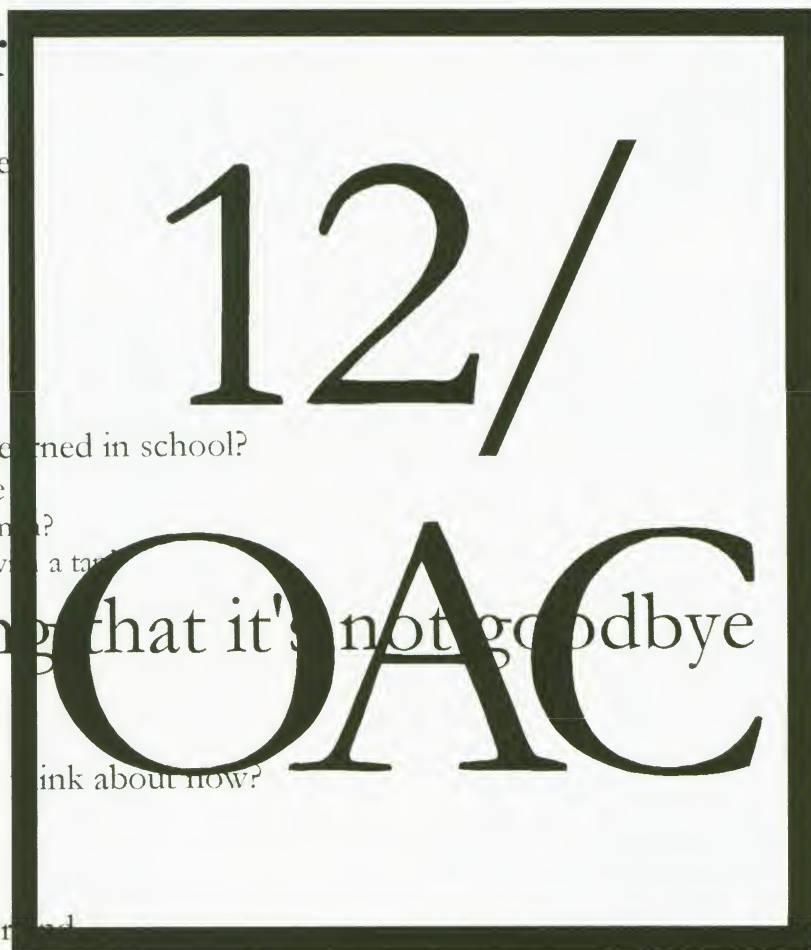

So if we get the big jobs
And we make the big money
When we look back now
Will our jokes still be funny?
Will we still remember everything we learned in school?
Still be trying to break every single rule
Will little brainy Bobby be the stockbroker man?
Can we ever find a job that won't interfere with a tan?

I keep, I keep thinking that it's not goodbye

Keep on thinking it's a time to fly
And this is how it feels
Will we think about tomorrow like we think about now?
Can we survive it out there?
Can we make it somehow?

I guess I thought that this would never end
And suddenly it's like we're women and men
Will the past be a shadow that will follow us 'round?

Will these memories fade when I leave this town?

A MESSAGE FROM THE EXCHANGE STUDENT

All my bags were packed and I was ready to go on the trip of a lifetime. The trip of a lifetime it became. As I left Denmark in August of 2001, I went from living in one of the smallest countries in the world to living in the second largest country in the world, Canada. Canada is 230 times bigger than Denmark, if you exclude Denmark's ownership of Greenland. Kirkland Lake became my home in Canada and also the place where I met some of the greatest people in my life. During my stay, I adjusted to a different language and I was amazed when I started to think and dream in English. My Danish accent is still noticeable. I speak the language which some interpret as sounding like English spoken underwater with a fist in my mouth. I want to deeply thank everyone who gave me many nice and interesting compliments about my accent :-)

Being one of the youngest Rotary exchange students, I attended grade eleven at K.L.C.V.I. Here I made some wonderful friends who taught me all about life in Kirkland Lake.

The amount of snow during the five months of winter is amazing. It makes winter brighter; and as of winter at home, it is always stormy and rainy. In Canada, the snow lightens the sky both day and night. The snow and the mountains you have gave me an opportunity to ski. I would like to thank my friends for saving my life on my first ride on a ski lift. I would also like to thank the French ski instructor (who I was unable to understand) who saved my life on my first run at the Kanasuta ski hill! Skiing is definitely something I'm going to pursue at home, though I will have to travel great distances to find snow on a ski hill.

Another special thanks to my friends for making my sixteenth birthday amazing, and not at all a reason to be homesick. Thank you for the wonderful surprise party.

I have done incredible things in Canada. I've experienced things I do not do at home. An example of this is hunting, which made me feel very orange and fashionable....!

This year has been amazing. I have had the chance to see Canada from east to west, thanks to the generosity of my great host families and the good hearted people willing to give me a lift. I am forever amazed by the distances.....to drive to Toronto through six hours of dense forest highway is an amazing experience....! A similar trip in Denmark would take me to Germany, Sweden, or Norway.

Even though this had been a year overshadowed internationally by the September 11th tragedy, I will always remember this year as my remarkable adventure in Canada.

A big thank you to my friend and host sister, Jeanine Morin, who the second night I was here took me out for dinner and a movie. She knew how it was like to be alone in a different country and from the beginning she made my stay as wonderful as it was.

I would like to thank the Rotary Club of Kirkland Lake and Rotary International. A big thank you to my Rotary counsellor and host families; and a big thank you to all the who make my year in Canada fantastic, memorable, wonderful, and the trip of a lifetime!!!

I introduce to you, the Student Council members of 2001-02. This year our group began preparing for September's events back in August when we had a team BBQ. We kick started the year by providing a BBQ lunch for grade 9's, having a skateboarding event and BBQ to promote BUDS and by putting on an amazing Hawaiian theme dance. We also heated up a week in September by having a theme week, which included PJ and "cowboy day." On Hallowe'en we put on a costume pumpkin gutting contest. December was the month of Formal, one of our most significant events. Along with the fun events the council puts on comes a lot of hard work, advertising, and determination. As well as presenting these fun types of events, the Student Council also supports serious topics by gathering students, teachers and various public speakers to raise awareness of drinking and drugs consequence. The council members work very hard throughout the year to get involved in the school, being open to suggestions from other students, and being involved in the community. The members do this by providing events that everyone can enjoy, by donating money to various school clubs and by getting involved in community events such as the Home and Trade Show. Student's Council is a lot of work, but it is also a lot of fun. It is a great experience that every student should aim to get. Elections occur annually. Shoot for the stars!

We also have special events for the students in KLCVI such as intramurals, pep rallies, annual participation in Gr. 9 Frosh Week and our biggest event: Rendez-Vous. Our goal is to provide students with sports and physical activities throughout the year to make their high school experience more enjoyable.

TEACHER ADVISORS: Mr. Mowbray, Ms. Rumble, Ms. Wooldridge

The Drama Club, or the E.D.G.E. Players, is a club where people can act, sing, dance or do technical work (ie. lights, stage crew). A variety of activities are always going on, such as meetings, fundraisers and plays. Members of the club audition for plays, then practice, practice, practice! The plays are then performed in the District Sears Drama Festival, which is a competition among local schools. This year, three plays were entered from KLCVI: The Unknown Soldier, thanks to Mr. Mowbray; Little Girl Lost, thanks to Mrs. Rumble; and The Meadow, thanks to Mrs. Wooldridge. Also, KLCVI hosted the Regional Sears Drama Festival where winners of the district competition perform with the hopes of going on to the Provincial competition. The Drama Club, along with many other volunteers and teachers, put on a Coffeehouse and a dance for the participants, as well as workshops during the day. The plays were held at Northern College and were exceptional. Unfortunately, no play from KLCVI competed in the Regional Festival but as the hosts we were still very much a part of the event.

Ryan Jean-Louis enjoyed being a part of the Drama club. He was an actor and a member of the Tech crew. He also enjoyed role playing and playing games on the computer as part of the Computer Club. He was a fun person to know and will be greatly missed. ♥

WAY TO GO!**

The following is a poem written by Adam Trudel, winner of the Provincial
Marion Drysdale Competition in the prose/poetry division for grades 9/10

IS THERE ANY HUMANITY LEFT?

It stopped our hearts.
And It stopped our minds.
For when we heard of this atrocious crime,
That terrorists had attacked the U.S.A,
No one knew what to think or say,
Except when will all of this pain and suffering go away?
But it wil not, for burnt in our hearts the memories are here to stay.
For all the people who sat helpless in front of the T.V.,
Wondering what happened to all the humanity.
Wondering what they could do to lend a hand,
Wishing they could do something to fight this evil terrorist band,
As day after day the numbers began to take their tolls.
Now we find out how many lost innocent souls,
All the aunts, uncles, mothers, and fathers,
Grandparents, cousins, brothers and daughters,
Who did not know what was going on at the time.
They had no clue of this massive organized crime.
Just trying to live each day like the one before,
Not knowing that they themselves would be knocking on heaven's door.
My heart goes out to all the victims and victims' families,
For their pain and anger will never be set free.
September 11 will always mean something to me.
It will be a day that will always just be,
A day when many innocent souls were set free
Away from this word and this so called humanity.

By Dain Lake

Humanity

Where once we were united,
we now fall.
Humanity is dying,
Someone hear this call.
Peace was crucial once before
When we dreamed of harmony,
but now, peace is nowhere to be found
War is destroying our unity.
People are too blind to notice
Technology taking our lives away,
Jobs where humans once flourished,
Have machines to finish the day.
Society is more violent now,
Much more than before.
The streets are zones for riots and fights...
Not the "safe streets" anymore.
And what is the government doing,
To preserve our humanity?
They encourage and support the war,
Destroying global harmony
Because in the midst of all this chaos,
There will always be room for humanity.
